## Board Passes Ordinance Leasing Village Lot to Antioch Rescue Squad

### Building Program May Be Delayed Until Fund Is Larger

An ordinance providing a lease of a portion of village property on which the water pumping station is situated on Orchard st., to the Antioch Rescue Squad for a garage and first aid station was passed Tuesday evening by the village board.

The lease to be signed later will provide for a 30-foot frontage and depth of 133. It will be for 20 years at \$1 a year.

A representative of the Rescue squad said that his organization may not have enough money at this time to put up the building but it hopes to have a fund by fall sufficient to put up the shell.

The campaign this year will be more extensive in view of the goal. The lease now under preparation by Village Attorney Edward C. Jacobs, will provide that should the Rescue Squad ever disband the building and grounds will revert to the village.

"We have reason to believe that the Antioch Rescue Squad, by reason of its splendid services, is on a firm footing with many years of service ahead of it," said President James McMillen.

"I think the boys should be encouraged in their efforts for they mean much to this community. Those who are behind them and who have contributed each year to their support represent a good cross section of a wide area. Nobody is going to criticize us for doing what we are doing tonight," he said.

The building will be situated just west of the pump station. The front will house the trucks and the rear the first aid room and meeting place of the squad members.

## Antioch to Open Track Season Tomorrow With Meet at Libertyville

With hope that the temperatures will at least be well above freezing, Antioch Township's track squad of 20 members will go to Libertyville tomorrow to compete with that school.

Both schools have had but little practice and the meeting will be little more than a practice for them. Coach Maurice Krizan said that not until this week have the Antioch boys been able to work out in the open.

Grant Township High school is scheduled to compete in a dual meet here next Tuesday afternoon. Krizan said that Antioch's material is of average ability this year.

The golf season scheduled to open Saturday with Antioch playing at Barrington has been delayed. The Antioch golfers are not expected to be able to get on the local course for practice for a week or more.

## Newport to Divide High School Students Among Neighboring Schools

Newport township school trustees, advised by an assembly of residents of the high school district in that township, will permit students to attend high schools nearest their home when the district is dissolved.

While the school districts without buildings were to be dissolved July 1 by order of a state law, a new house bill intending to extend the time has been passed.

The township is now sending its students to Warren, Antioch, and Zion-Benton township high schools, and these three schools probably will continue to get the same share of students when the district is dissolved.

### J. D. Martin, 70 To Be Buried Sat.

James D. Martin, 70, died Thursday, April 5, of heart ailment at his home at Cross Lake. Mr. Martin was born February 1, 1881 at Zanesville, Ohio, and for the past 5 years made his home at Cross Lake, previous to that in Chicago.

Survivors include his wife Louise, one daughter, Mrs. Alta Belles, a brother, William and three grandchildren. Funeral services will be held Saturday at 2:30 at the Strang Funeral Home. Interment will be in Liberty cemetery.

## High School Pep Club To Hold "Fools Frolic" Friday Night, Apr. 20

The Pep club of Antioch Township High school will hold its second annual all-school carnival, "Fools Frolic," on Friday, April 20, in the school gymnasium.

A pie-eating contest, vaudeville show, and coronation of king and queen will be featured, together with the skill games and the food concessions.

All clubs and classes will enter at least one booth or concession. Ann McMillen has been appointed chairman of the carnival by Janice Runyard, who is president of the Pep club. Miss Iris McKinney is faculty advisor.

The carnival was originally scheduled for Thursday, April 5.

## Second Meeting and School Election to Be Held Thurs. at Wilmot

### Plan to Enlarge School Under Fire; To Vote April 12

Another of the turbulent school fights which have been current in Kenosha county in past months will be settled next Thursday, April 12, when electors will hold a meeting and election on a proposition to enlarge the school facilities at Union Free high school, Wilmot, Wisconsin. Originally the school board had called for a meeting and election to be held on March 8, and although a majority of those present were in favor of going ahead with the \$400,000 building plan, a number of persons opposed the move.

A committee called the Taxpayers Committee of the Wilmot High School District was organized and several moves by the committee have resulted in the second meeting and election. The committee appeared before Circuit Judge Alfred L. Drury of Kenosha to obtain an injunction to restrain the school board from borrowing money for the improvement until such time as a second meeting could be held. This motion was turned down by the judge and the committee then put in a plea with the Chief of the Commission for Public Lands of the state, who ruled that the loan would be held up until the second meeting could be held.

Opponents of the plan put forth as arguments against erection of the building that due to formation (Continued on page 5)

## Masons to Have Gala Event at High School Next Wednesday Night

It will be a big night next Wednesday for Antioch Masons, their ladies and guests at the Antioch Township High school where C. Wayland Brooks, former U. S. Senator will be the principal speaker.

C. WAYLAND BROOKS

A large attendance is expected. Besides Brooks, the guest list will include illustrious Carl A. Miller, deputy for Scottish Rite Masonry for the state of Illinois, and illustrious Stern S. Gibney, potentate of Medinah temple.

Miss Lois Wallner for years WGN star, Robert Kessler, a favorite tenor in radio, with a symphony of music including Al Marney, for years pianist for Paul Whiteman, will be the additional entertainment.

Wendell Nelson, master of Sequoit lodge, said this will be the outstanding social meeting of the year for his lodge. The program will start promptly at 8 p. m. and the audience is to be seated at that time.

## Village Will Continue Dealings With Bell Co. Under 1898 Franchise

### Bd. Countermands Earlier Action On Advice of I. M. League

Antioch will continue to deal with the Illinois Bell Telephone Co. under the 1898 franchise.

Village board members Tuesday evening countermanded an action of two months previous granting to the telephone company a franchise that, like the 50-year-old one, would be perpetual.

The new contract had progressed to the point of affixing the village seal, but action was stopped there when a belated message from Attorney Matthews of the Illinois Municipal league advised the village not to go through with the transaction.

Manager John Littler, meeting with the board Tuesday evening, made no objection to the retraction of the new agreement. He said he could offer no time limit to the franchise his company proposed.

A motion of Trustee Murrill Cunningham withdrawing his original motion to accept the new franchise, and withdrawal by Trustee Carl A. Wolfenbarger of his second to that motion, then found the six trustees in agreement on remanding the withdrawal of the franchise.

There was very little comment. There was a general feeling among the trustees that they were unwilling to be responsible for tying up future generations on a contract in perpetuity which must be the responsibility of the trustees back in 1898.

## Check Truck Loadings To Prevent Damage to Lake County Highways

A campaign to protect Lake county roads against damage from overloaded trucks was started this week by Sheriff Walter L. Atkinson in cooperation with M. E. Amstutz, county highway superintendent.

Trained deputies patrolled highways to check truck loading and to stop any trucks which appear to be overloaded.

Amstutz asked the county officials to aid the state patrols which generally are restricted to the main state highways and miss many of the weight violations.

The deputies will check gravel pits, ready-mix cement plants and other leading terminals to check the trucks before they appear on the highways.

Overloaded trucks are the greatest source of wear and tear on highways, Amstutz said.

## Error Found in Map Classifying Antioch Street Maintenance

A map setting forth Antioch streets under arterial, and locally maintained classifications was submitted to the village board for its criticism Tuesday by F. N. Barker chief highway engineer for Illinois.

Once approved, it will become a part of the state's road improvement program.

The trustees found that Spafford st., was not listed as an arterial st., which it should be, while Chestnut and Bishop sts., were listed, whereas they should not be.

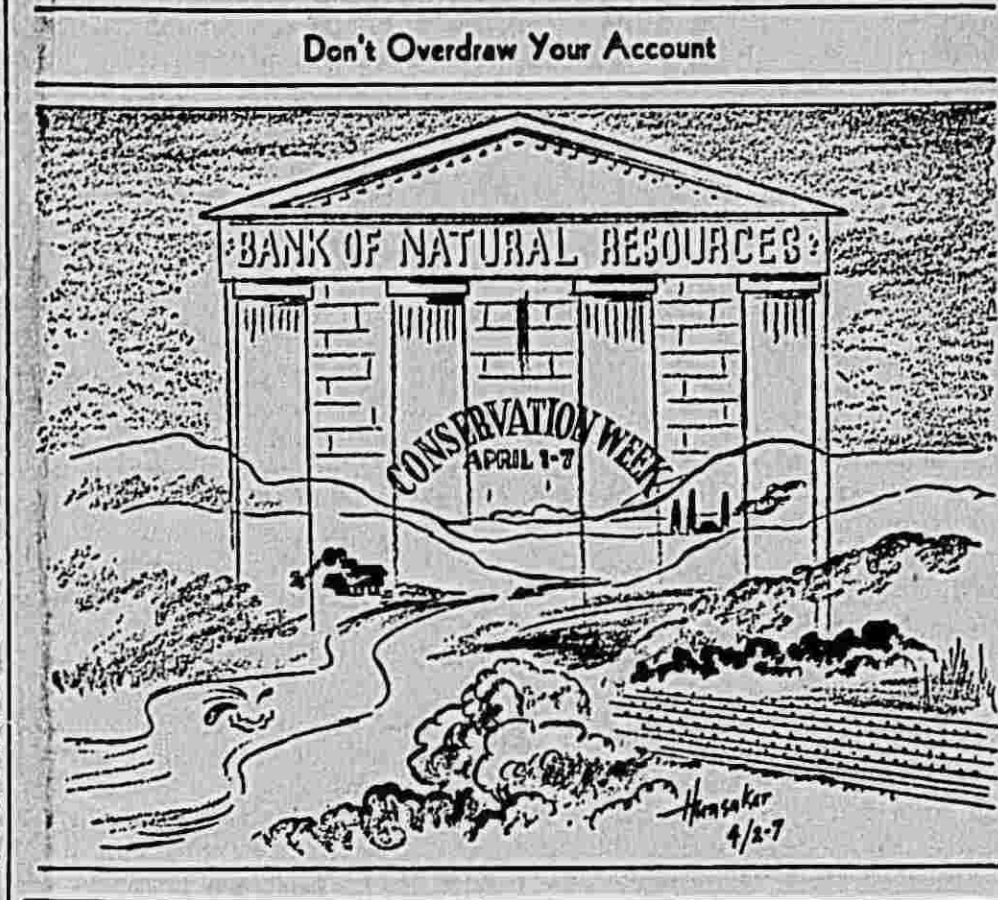

Correction will be asked by the village through its engineer, Mr. Klassen.

## Senior Class Play Drew Large Crowd Both Nights

The Senior Class play "Almost Eighteen" drew a large attendance at both presentations last week. The play was well presented and both members of the cast and the director, Mrs. Jeanette Tulumello have received many congratulations.

Better presentation was made on Thursday night than on Friday night, but both shows were successful.

Ferris Elected President  
The Waukegan Bowling association at a meeting in that city Monday evening elected Dorothy J. Ferris, president. Other officers are Frieda Stairs, vice president; Marge O'Donnell, secretary; Helen Meisenheimer, treasurer; and Dorothy Heavens, sergeant-at-arms.

## Tonyan and Son Gets Job of Building New High School Addition

### Board Tells Architects to Give Go-ahead Sign to Contractors

The contracting firm of Tonyan and Son, McHenry, was assured of the contract for building the new addition to the Antioch Township High school last week.

Principal R. E. Edmundson said the board of education instructed its architects Charles Nicol and Associates to give the Tonyans the go-ahead signal in purchasing materials.

The McHenry firm made certain concessions which will allow the board enough from the \$700,000 bond issue to equip the new addition.

Just when the contract will be signed is not known as yet, Edmundson said.

The board hopes that the building will get underway this summer.

## Cancer Drive Is Started; to End Tuesday, May 1

The annual drive for funds by the Lake County Chapter American Cancer Society, Inc., has been started, and letters seeking contributions have been sent to most residents of the community. The letters remind residents that this is the time to help keep the cancer control program functioning by continued gifts of money.

Antioch's quota has been set at \$350, sixty percent of the money contributed here will be retained by the local chapter for use within the county.

Mrs. Louise Keulman heads the committee for the drive this year and with her on the committee are Mrs. Lester Osmond, Jr., Mrs. Wm. Keulman, Jr., Mrs. Frank Walsh, Mrs. C. R. Keulman, Mrs. Richard Seyfarth and Mrs. George Keulman. Contributions may be mailed to Mrs. Elvin Keulman, 1048 Bishop street, Antioch, Ill., or given to any member of the committee.

## Lawrence Kaufmann, 3, Gets Bad Fall Friday

Lawrence Kaufmann, 3, son of Mr. and Mrs. Eugene Kaufmann, has entirely recovered from a bad fall he received from the loft of the garage at the home of his grandparents, Mr. and Mrs. A. H. Kaufmann, 775 Main St., last Friday.

He had climbed to the loft and apparently lost his balance in opening a door. He fell to the driveway and was rendered unconscious, suffering a slight concussion.

He was taken to St. Theresa hospital by the Antioch Rescue squad where after a few hours he regained consciousness. Only a lump reminds him of the fall.

The parents of the boy were at the A. H. Kaufmann's taking care of the dog in their absence on vacation.

## Lions Carnival to be From Aug. 1-5 Inclusive

The Lions club was granted permission by the village board Tuesday evening to hold its carnival Aug. 1, 2, 3, 4, and 5.

It will be held on the Ackerman grounds.

The Lions carnival is a benefit for several local organizations and usually is well patronized.

## Elfers Wins from Fox By Nose for Chairman In Salem Town Election

### Several Close Contests Result From Large Vote On Tuesday

With only a nine-point margin Earl Elfers, auctioneer, was elected town chairman of Salem township, Kenosha county over Joseph Fox, tavern owner, Tuesday. The vote was Elfers 563, Fox 554.

The result was considered a victory for those who are trying to get an increase of the tavern license fees in the township.

Fox was said to have campaigned on the promise that the present fee of \$100 would be retained, Elfers, while making no promises, is expected to seek an increase from what is said to be the lowest license fee in the area.

There were a number of close contests. William H. Cook, veteran supervisor, was returned to office with 617 votes, whereas Fred Baysinger, incumbent, with 466 votes was replaced by George Feldkamp, hardware dealer, who received 524. Robert Patrick was low in this race with 327 votes.

Gerald M. Siebert, former clerk of the county court, outdistanced Mrs. Florence Richards for town clerk, receiving 639 votes to her 479.

C. V. Cook, treasurer incumbent, had no trouble defeating Clarence Schuid. The vote was Cook 829, Schuid 244. William Kavanagh, getting 956 votes was unopposed for town assessor; and Elmer Barthel, and Arthur Bushing, with 775 and 805 votes respectively, were unopposed for justice of peace.

In a five man race for town constable Casper Wenske, Preston (Pete) Stoxen, and Don Klapper were winners. The vote was Wenske 681, Stoxen 539, Klapper 448, Louis Lutz 431 and Harry Harrison 419. As can be noted it was a close race.

## No School Tomorrow; Teachers at Institute

Antioch public school children will get a vacation tomorrow while their teachers go to Waukegan to attend institute.

County School Superintendent has announced an interesting program which is to be carried out at the Waukegan Township High school for the grade and high school teachers.

Many of the high school students will accompany the track team to Libertyville during the afternoon for the dual meet.

## Two Hurt in Collision Of Cars on Hwy. 21 Near Loon Lake Mon.

Two persons were hurt in a head-on collision of cars on Rte. 21 north of Loon Lake Monday afternoon.

Mrs. Edna Gillespie, 45, of Grand Ave., Lake Villa, was brought to Antioch by the Rescue squad for treatment of chest injuries and shock after her car collided with one driven by Russell W. Groat, 41, owner of the Saddle Inn, Deep Lake. Groat suffered cuts and bruises but did not require medical attention.

Mrs. Gillespie was said to have been traveling south on Rte. 21 and in trying to pass a slow-moving tractor, failed to see the oncoming car of Groat.

## Rosing and Webb Reelected in Big Turnout of Voters

### Election Tuesday Spirited; Sternbenz Constable In Write-in

William A. Rosing, veteran Antioch township supervisor, was returned to office Tuesday by a more than two to one vote over Anthony J. Scully.

The vote was Rosing 1,202, Scully 529.

It was one of the largest town elections in many years, nearly 1,800 ballots being cast, and the competition was spirited.

Robert J. Webb, incumbent, retained his job as highway commissioner by a vote of 1,073 to 681 over Milton L. Crandall. Crandall made his best showing in the first and third precincts, but ran poorly in the second precinct.

William H. Herbert, without opposition for justice of peace led the whole ballot in the number of votes received, chalking up 1,309.

Louise R. Vos and Lillie M. Petty were elected library trustees without opposition.

A write-in vote chose George R. Sternbenz for constable with 68 votes. Carl Pachay was second with 23 votes in a big field of write-ins.

The vote to retain the present black top road tax was an approval 1026 to 604.

The balloting by precincts was as follows:

## Antioch High G. A. A. Places Fourth in Mail Basket-Shooting Match

The G. A. A. of Antioch Township High school captured fourth place in the 1951 mail basket-shooting tournament.

Spring Valley took first place with a score of 1.63; Clinton, second place, with a score of 1.96; Macomb Senior, third place, with a score of 2.01; and Antioch, fourth place with a score of 2.03.

Two girls, Irene Perry and Carmen Edmundson received honorable mention for high shooting in the state.

The girls who participated in the tournament were Mary Lou Wilton, Betty Erickson, Irene Perry, Joline Gaston, Mary Curnes, Charlene Nelson, Carol Loftus, Sylvia Beelow, Patsy Weber, Gloria Lubkeman, Carmen Edmundson, Gail Deitrick, Ann McMillen, Jo Osmond, Marlene Wertz, Virginia Petersen, Shirley Ross, Joan Cervenka, Margaret McCann and Mary Vos.

This is the fourth year that Antioch's G. A. A. has entered this tournament. During these four years Antioch has placed fourth three times and second once. Virginia Petersen and Mary Curnes, both seniors, have shot all four years.

## Village Will Extend Parking Meter Zone

The village board is considering the extension of Antioch's parking meter zone.

Broadway may come under the controlled parking district if arrangements can be made for a sidewalk, and with other extensions the village may buy upward to 25 additional meters.

Trustee Arthur Rosenfeld said that the present meters, in use four years, are commencing to wear out and that the repair bill will increase as time goes on. He was authorized to lay in a supply of parts.

## Price-Ceilings and Scarcity

In a revealing editorial on the problems of price-fixing, the magazine The Freeman observed, "A legal price-ceiling arbitrarily establishes a lower price than the free competitive offers and bids of sellers and buyers would establish in a free market. . . . But to say that a price-ceiling would make a price lower than a free market would make it, is only another way of saying that it would make demand chronically greater than supply. It would do this in two ways. Because it is a 'bargain', and because they can afford to use it more wastefully, buyers and consumers will demand more of the price-fixed article at the lower fixed price than they would have demanded at the higher free price. And because they can make less of a profit-margin from it . . . producers will make less and sellers will offer less of the price-fixed article at the legal price-ceiling than they would produced and offered at the higher free price-ceiling. In short, the effect of price-ceilings is almost inevitably to bring about a shortage of the price-fixed article."

The vast majority of producers and retailers are doing their utmost to make price regulations workable. Indeed, long before the government stepped

in, the retailers of the country were voluntarily doing everything possible to hold prices down as is witnessed by the fact that price increases at retail generally lagged well behind price increases at wholesale. However, as The Freeman editorial intimates, no one can afford to sell an article unless its sale will bring some profit.

Sound administration of the pricing laws must take these basic facts into consideration.

## Why Your Dollar Gets Cheaper

In one of his recent Newsweek columns, Henry Hazlitt dealt with what most economists regard as the main cause of price inflation—the Administration's policy of forcing the Federal Reserve Banks to buy more and more government bonds in order to keep their price above par.

Mr. Hazlitt observed that the President once justified this policy on the grounds that after the first world war the value of Liberty bonds dropped to about \$80 and that he did not want the people who hold government bonds now to suffer such a loss. Then Mr. Hazlitt said, "Now none of the Liberty bonds ever fell quite as low as 80. Some issues did fall within a few points of that price, but only for a few months in 1920. And the decline affected only those people who were forced to sell in those months. The maximum loss even of these people was only about 18 per cent. Today, on the other hand, mainly as a result of the very bond-pegging and low-interest policies on which Mr. Truman has insisted, a government bond bought in 1942 has a purchasing power in terms of consumer prices of only 70 per cent of what it had then. This is a real depreciation of 30 per cent. Which policy—that of the first or the second world war—was worse for the bondholders?"

Every time the Federal Reserve Banks are forced to buy more bonds, new sources of credit are established. This means more demand is created for available goods and services, and so prices keep on rising and a dollar buys less—inflation.

It's time we stopped blaming inflation on industry, labor, farming, retailing, or any other group. Let's look at the cause, not the symptoms—and the cause is government credit policies which have cheapened the dollar and are still cheapening it.

## LAKE VILLA

On next Sunday at the Community church Rev. Harrison will use as sermon topic, the question "Were Church and State Meant to be One?" and dedicated to members and friends of the Masons and Eastern Star. Anyone having questions may place them in the container in the church entrance. All welcome.

Rev. Harrison has resumed his work at Garrett Biblical Institute at Evanston and is out of town from Tuesday until Friday, but may be reached very easily by telephone if necessary.

Rev. Harrison and wife will sponsor the activities of the Intermediate

M. Y. F. for the month of April, and the Marvin Walkers will take charge in May.

Wednesday night, April 11, is the date for the Family Night pot luck supper at the church and the Rust College singers will present a concert. They were here last year and everyone had a delightful time so plan to be there April 11.

The members of the Halcyon club entertained the members of the Woman's Society of Christian service at their meeting at the church on Tuesday evening, last week and had a splendid attendance. Miss Cornelia Roberts, of Mundelein who teaches at the Grayslake High school, and has traveled extensively in Europe and Asia gave a talk on her travels

and showed interesting pictures of scenic places she has visited. Business was dispensed with and a social time spent. Each guest was presented with a corsage, and refreshments of ice cream, cake and coffee were

served at the close of a delightful evening.

Millburn Chapter O. E. S. will sponsor a public card party on Sat., April 7, at 8 p. m., at the Millburn Masonic Hall and the public is invited. Bunco, pinocle, and 500 will be played, prizes awarded and refreshments served. Alice Pearce is chairman.

of the new central district that about 60% of the registration of Wilmet will be lost and that the present buildings are sufficient to house the remaining students. Also as an argument against building they point out that building costs today are nearly prohibitive. In substance, the committee feels that building an addition to the school at this time is unwarranted, costly and would place a heavy burden of taxation on residents of the district.

Supports of the plan, which will go to a vote next Thursday, say in support of the plan, that the school is not adequate for even next year's enrollment, due to lacks in many ways which leave gaps in the education of the students. They point out that the present building does not provide for science laboratories, shops, library or a gym. The present gymnasium building is of frame construction and was erected in 1919, and besides being too small is costly to maintain, and also not fireproof.

In support to the claim that the improvement is much needed is the report of State Assistant Superintendent A. R. Page of the state office of public schools, which said in part: "After careful consideration of the population trends of rural Kenosha County, as well as the actual grade school enrollment in the district in which this school building is planned to serve, we find that it would be unwise for the Union Free High School to plan for any fewer classrooms, laboratories, shops than are included in the tentative plans which are being considered. It was our feeling that we could not recommend the elimination of a single classroom in the present proposed plan, in the light of future enrollment which may be expected within the next few years."

Page was accompanied by A. L. Buecher, building supervisor of the state office of public instruction on the tour of the Wilmet school building this week.

In answer to the claims that the new improvement would impose a terrific tax load, the school board stated that the actual tax for the improvement, including interest, would not be in excess of \$2.50 per \$1000 of valuation. This would mean that the owner of a home valued at \$5,000 would pay only \$12.50 annually towards the improvements.

A large attendance at the meeting and election is expected mainly because of the widespread publicity which has been given both in newspapers and in printed circulars, and both sides are confident that the meeting will settle the dispute in their favor. However, school board officials and opponents of the measure have both stated that they will abide by the will of the people as expressed at the polls next Thursday.

**Mary E. Davis, 32 Dies After Long Illness**

Mary E. Davis, 32, passed away Tuesday, April 3 at 5 a. m. at the home of her parents, Charles W. and Harriet Davis, of Indian Point, Antioch, following a lingering illness.

She was born June 5, 1918 in Chicago and for the past twenty-five years has lived at Indian Point. Survivors include her parents, one sister, Mrs. Elizabeth Brown, a brother, Richard and her grandmother, Mrs. W. F. Davis of Indian Point.

Funeral services will be held today (Thurs) at 2 p. m. at the Strang funeral home, the Rev. G. Richard Tuttle will have charge of the service. Interment will be in Grass Lake cemetery.

**Whitacre Announces Deadline in TB Cases In Illinois for 1950**

The state department of Public Health reports 7,673 cases of tuberculosis in Illinois in 1950, according to Richard Whitacre, Antioch Township's member of the board of directors of the Lake County Tuberculosis Association. This is a three per cent decline from 1949, but it is still too many deaths from a disease that can be cured.

Tuberculosis can be cured if it is found in its early stages, Whitacre said, and the only way to find it in early stages, before symptoms of the disease appear, is through the use of the chest x-ray.

The Lake County Tuberculosis Association will have its Christmas Seal Mobile Chest X-ray Unit in Antioch April 20, looking for unknown cases of TB. The unit will be located at the Regal China Company in the morning and will move downtown for the afternoon and evening. It will be located near the Northwest corner of Lake and Main Streets in front of the bank from 2 to 9 p. m. and will be open to the general adult public of the village, Whitacre said. Ladies from the Antioch Women's Club will be on hand to help with the necessary records.

Corpus Christi College  
Corpus Christi college at Cambridge, England, was founded in 1863.

**Rust College Singers to Give Program April 11 At Lake Villa Church**

A program of unusual quality will be featured at the Lake Villa Community church Wednesday evening, April 11, when the nationally known Rust College Jubilee Singers will sing at 8:00 p. m.

The performers are students of Rust college, located at Holly Springs, Miss., and make an annual tour in the Chicago area in the interest of the college.

Included in the company are a faculty adviser who is also the accompanist, a outstanding soprano, and a male quartet. Popular and spiritual music, as well as classical numbers will be presented.

The program is scheduled for the sanctuary of the church, beginning at 8:00 p. m. following the monthly Family potluck supper at 6:45 p. m. The public and out-of-townners are cordially invited by the pastor to the program. There will be no charge for admission, only a free will offering will be taken to benefit Rust College.

**Oakland School Entered**  
Principal Richard Whitacre, of the Antioch grade school reported to the sheriff's office that on March 26 someone broke in a window at the Oakland school, but after walking around leaving muddy tracks, he left without taking anything or doing any more damage. The doors had been tried first without success.

**Zion Mixed-Doubles Tournament Apr. 14-15**

The grand opening of the popular Zion Mixed Doubles tournament which this year features a major prize list of 13 prizes paying \$100.00 or more with a top award of \$700.00 will be held Saturday and Sunday, April 14 and 15 and bowling will continue daily in this event through June 11.

The high couple on both big opening days wins \$50.00 and this prize is doubled or \$100.00 if the winning score is rolled before 2 p. m., in addition a \$20.00 prize goes to the couple scoring most actual wood thus making it possible for a couple to win \$120.00 on either day.

Reservations may be made by calling Zion 2581 or writing the Zion Bowling Lanes, Zion, Ill. Entry in this big event has passed the 1400 mark the past two years and 134 cash prizes totaling \$5,374.00 were paid last year.

**Forgets Pen Twice**  
When Mayor James McMillen signed the new telephone franchise a month ago, he borrowed a pen from John Littler, manager of the Illinois Bell Telephone Co.

Littler forgot to pick the pen up and had to make a trip back the next day to get it.

Tuesday night, McMillen again used Littler's pen as the new franchise was canceled.

Again Littler went away and forgot it.

"Oh, well," commented the mayor, "one way to get a chance to come back is to leave something behind, and I'm glad to have Littler come any time he wants to."

**MRS. CHAUNCEY BABER BURIED IN CHETEK**  
Mrs. Chauncey Baber, formerly Mary Mittendorf, a former resident of Antioch, now of Chetek, Wis., died at her home in Chetek Wednesday, March 28, after a lingering illness.

She is survived by a son, Lee, two grandchildren and three great-grandchildren. Her husband preceded her in death June 7, 1950. Funeral services and interment were in Chetek.

**Mrs. Susan Manning Dies**  
Mrs. Susan Manning, 85, Salem township, died Wednesday, March 28, at the Kenosha county home following a short illness. She was a life long resident of Salem township and a member of the Salem Methodist church. Her husband died Apr. 5, 1927. Two sons and three daughters survive.

**Paints for Plastics**  
With the increasing production of plastic articles, one of the problems of industrial finish experts has been to develop colored coatings for them. Special finishes have been devised which enable manufacturers to make a single run by coloring the plastic with the application of new enamel in many colors.

**French Fried Onions**  
To make French-fried onions, slice one-quarter inch thick, separate into rings, roll in flour to which salt and pepper have been added, and fry in deep fat at 375 degrees F. They are excellent when served with steak or hamburger.

**Cracked Eggs**  
Cracked eggs will not leak or deteriorate if cellophane tape is applied directly over the break. It makes them whole again.

**1,800 Attend Opening Of Wilton Electric Shop**

More than 1,800 persons attended the Wilton's Electric Shop, grand opening Saturday.

Robert Wilton, owner, said that nearly every community along the North Shore from Chicago to Racine and villages within a 50-mile radius were represented.

"We ran out of roses after giving 650, and gave 500 cigars, 500 balloons, and four special gifts," Wilton said.

No fewer than 26 floral gifts were received by Wilton and his store became a veritable flower garden.

On Sunday, two baskets each were given to the four churches in the community, and roses were distributed among the sick.

The response to his invitation was quite gratifying to Wilton.

**Gavin School District Approves Tax Increase; Elsewhere Vote Fails**

The Gavin Grade school district approved an increase from .55 per cent to .75 per cent in the education tax through a referendum Saturday. The vote was 335 for and 128 against.

The increase which still leaves the district with a lower tax rate than most districts in Lake county, will make possible the maintenance of the present staff of 14 persons and bus transportation for the pupils.

Elsewhere in Lake county school referendums were not so favorable. Elva-Vernon Township High school district turned down a proposal for a \$998,000 bond issue to build an addition to the high school, and Beach district grade school voted down an addition to the Beach Park school.

**When Deer Cry**  
Deer are supposed to shed tears. The drops, however, which fall from their eyes are oily secretions.

**Fireworks**  
Fireworks, used chiefly on the Fourth of July in the northern part of the United States, come into their own at Christmas and New Year's in much of the south. The Spanish and French colonists of Florida and Louisiana are credited with having established the southern practice prior to 1776.

**Birthdays in Latvia**  
Birthdays come twice a year in Latvia. Each child celebrates the anniversary of the day of his birth, as well as his "Name Day," similar to the Saints Day of the Catholic church. All Latvian children who are called by a certain first name celebrate on the particular day which is set aside for that name.

"John, forgive me! I'll exchange it for a diesel-like real Soo Line ore trains use."

There's new hustle on the iron range. Soo Line is retiring steam "iron horses" from the ore trains, replacing them with sleek, mighty diesels. Power-packed, these new locomotives rush longer lines of ore cars faster to Lake Superior docks.

Soo Line trains pull for you always, all ways. They carry away the things you sell—bring back the things you need—adding to your everyday life wherever you may be—in the 7-State Soo Line Land.

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.  
Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

**So Cold It's Hot**  
You wouldn't think of boiling water over a piece of ice. But Westinghouse low-temperature scientists can boil liquid helium by "heating" it with liquid air—at a temperature of 340 degrees below zero. It works because liquid helium is more than 100 degrees colder than liquid air.

**Most Perfect Curve**  
What is said to be the longest perfectly uniform single railroad curve in the United States is on the Texas and Pacific Railroad, between Alexandria and Cheneyville, La. It is 5.7 miles long and is a 10-minute curve throughout.

## YOU MAY BE DEAF!

Test Yourself!

Although only a specialist can scientifically determine the type and amount of hearing loss, answering the following questions may give you a clue as to whether your hearing is up to normal.

Write Yes or No

- Do you find people seem to be "mumbling" or slurring their words when they talk to you?
- Do you hear better in noisy places than in quieter ones?
- Are you bothered by head noises or "ringing" in the ears?
- Do harsh loud noises seem actually painful?
- Do you find that, at one moment, you cannot hear someone speaking to you and, at the next, they seem to be shouting?
- Can you hear the sound of a voice but find it difficult or impossible to understand what is being said?
- Do you seem to hear better with one ear than the other?
- When a group of people are talking, do you seem to have trouble hearing?
- Do you have trouble hearing when going to church, listening to the radio, television, or when seeing a movie... do you have trouble hearing your children, grand-children?

If your answer to any one of the above questions is "Yes" you may have a hearing loss. If your answer is "Yes" to more than one question, your hearing is probably impaired. In either case, you should send for the FREE book "New Discoveries to Help the Deaf Hear" or see your local Bellone Hearing Service Consultant at
